

## Skyworld Aviation arranges sale of Jetstream 32 to Aeroandinas on behalf of Blue Islands

Acting on behalf of Blue Islands of the Channel Islands, Skyworld Aviation is delighted to have arranged the sale of one BAE Jetstream 32 for onward operation in Venezuela. The aircraft, serial number 871, was painted at Airbourne Colours in Bournemouth prior to departure, still bearing its Blue Islands registration G-ISLB. It embarked on its long ferry flight over the Arctic from Guernsey on 27th December, arriving at Santo Domingo, Venezuela (SVSO) on 2nd January. The ferry route was EGJB - EGPO - BIKF - BGBW - CYR - KBGR - KPHF - KOPF - MDSD - SVSO, conducted by Direct Personnel.

The aircraft is the first passenger aircraft to go into operation with start up airline Aeroandinas, based at La Fria airport in the mountainous state of Táchira in Western Venezuela. It is due to fly local scheduled passenger routes.

Juliet Hewitt, Marketing Manager at Skyworld Aviation says "This has been an interesting project and we are delighted to have assisted Aeroandinas with their first aircraft acquisition. We are also proud to have assisted Blue Islands with the timely disposal of this Jetstream, after they recently took delivery of their first ATR 72."

Skyworld Aviation is a UK-based aircraft marketing organisation, specialising in the regional sector. We offer consultancy, marketing and asset management services to a large client base worldwide. To date we have concluded approximately 470 aircraft related transactions for 150 clients to a value of over \$800 million.
